

BIBLIOGRAPHY

There is a wealth of material available covering the many different aspects of the Holocaust, genocide and discrimination. Listed here are a few of the books – including fact, fiction, drama and poetry – that we think are helpful for those interested in finding out more about the issues raised by Holocaust Memorial Day.

The majority of these books are available on commonly used bookselling websites – books which do not have contact details for where you can purchase them.

On our website we have a number of book reviews based on many of the books below.
